

How should VET/Vocational Excellence promote social inclusion?

Gender equality

By serving large number / variety of program

Staff training

It should be focus on CSR

Equality despite economic and social background

Through including the thematic field in the priorities on the call

Creating partnerships on shared challenges

Including students with special needs

By having focus on the NEETs

How should VET/Vocational Excellence promote social inclusion?

Creating opportunities

Be embedded in society and in the territories

Ensuring access and equality to all.

By including partners that have a social orientation

Accept diversity and develop it

VET should embed social (and other aspects of inclusion) into every aspect of their programmes

By strengthening private public partnership to promote social inclusion

Through a good Openess Strategy, Open Access, Open Edcational Ressources

Integrate professional development for language promotion competences for learners AND teachers and trainers in Vet

How should VET/Vocational Excellence promote social inclusion?

Changing the skills and mindset of teaching and supporting staff

Integrate social inclusion elements into VET trainings.

Quality of VET for all

By lowering the threshold for participation

By making accessible learning material, learning opportunities, learning mobilities, work placements, etc

By public events, art events, fashion events...

By incrementing transversal and soft skills in the different curriculums

Open opportunities out of Europe

By offering free courses for all

How should VET/Vocational Excellence promote social inclusion?

By mainstreaming it throughout its planning

Integrating migrants and refugees

move away from one size fits all teaching models

Reduce formal certification

Job Guarantee and Sustainable Career Plan

Supporting social mobility

Training the companies about corporate social responsibility

Fully fulfill the UN-Convention for the rights of people with disabilities (ratified by most/all member states)

Diversified services

How should VET/Vocational Excellence promote social inclusion?

By being accessible to all regardless of their ethnic, social, financial, health background

Support of social inclusive learning means, SW, digital skills etc.

By providing flexible pathways for people to learn in their own way at their own pace and to obtain recognition for their skills nomatter how those skills were developed

By actually involving all stakeholders in the transformation process

Be creating and providing services (extracurricular also) for everyone

Multiculturalism, promoting transversal skills, using LifeComp, project based learning, module VET

To have it as priority... To support schools with disadvantage pupils ...

Make everyone excellent.

Include it in your programming

How should VET/Vocational Excellence promote social inclusion?

Acces for all and vet social marketing

How would you rank your institution on inclusiveness in regard to?

excluding

Nirvana

How should the future of social inclusion through VET look like? (what should we do?)

flexible pathways

Flexible and Personalised to let all learners express their talents

Get more global

having more teachers with diverse backgrounds/disabilities

Make programs diverse

Act, think, speak and have the behaviour to make this topic not exist anymore!

get the 8mio young people not in training/job on board

To help the recognition of the idea of excellence, as the dimension that is inside each person, and looking to the education as the opportunity to allow everyone to become himself/herself

making it easier for dropouts to get back into vet

How should the future of social inclusion through VET look like? (what should we do?)

We already have inclusion- that is also one of the problems regarding reputation of VET

We need to use outputs from COVets as inputs for those not at this excellent level (not only theoretical but financial as well)

Personalization

social inclusion through digital technologies

VET institutions not only as learning spaces but social spaces

Attract more students

social inclusion as a chance not a challenge

Normal

Train your trainers!

How should the future of social inclusion through VET look like? (what should we do?)

VET offers reaching out to the whole society

Social inclusion is the standard

Implement the UN-Convention on the rights of people with disabilities

Teacher's training

Flexible pathways and social responsibility.

Understand the future of work and its potential

Featuring more systems to allow equal opportunity for all despite background

Learn from the world and share

increase flexibility in training paths, and add personal development elements to the training.

How should the future of social inclusion through VET look like? (what should we do?)

Education on social, gender, and, in general, diversity issues should be mainstreamed into the training programs

Enable access to VET for all to address social inequalities

Training of trainers in diversity!

Be a social place

Equal opportunities to develop in diversity to build a future for each

Something that looks to give second time opportunities

Opportunities should be published and communicated clearly

Mentor enterprises in SI

with personal approach. we could learn from good practices apin EU and weider

How should the future of social inclusion through VET look like? (what should we do?)

Train the trainer in language-sensitive content teaching

Social inclusion addressing issues of stigma and discrimination and changing the mindset of people.

Listen to the learners and include them into the decision making

Take people's needs without prejudice and be willing to adapt

What are digital tools/innovations useful for when it comes to inclusion??
